

FOR INTERNAL USE ONLY

TRUE NATION ISRAELITE CONGREGATION

TRUE NATION INTRANET OPERATIONS GUIDE

How staff onboarding and directory management works. A reference for administrators and intranet maintainers.

Owner: tn-admin@truenation.org
group

Last Updated: June 2026

Restricted to admin

OVERVIEW

AT A GLANCE

Onboarding is a two-stage process. Stage 1 is public-facing — anyone can fill out the form. Stage 2 requires a True Nation Google account and happens after the account is created.

STAGE 1 · PUBLIC

VERCEL ONBOARDING FORM

[truenation.vercel.app/
onboarding](https://truenation.vercel.app/onboarding)

New staff fill out a short public form — no login required. The system provisions a [@truenation.org](mailto:tn-admin@truenation.org)

STAGE 2 · AUTHENTICATED

GOOGLE SITES PROFILE SETUP

truenation.vercel.app/setup

After logging in with their new account, staff complete the full 8-step profile — emergency contacts, household info, ID upload, skills, and ministry interests.

Google account and emails the new staff member their credentials.

QUICK REFERENCE

WHERE EVERYTHING LIVES

RESOURCE	LOCATION / URL	ACCESS
Public Onboarding Form	truenation.vercel.app/ onboarding	Anyone (no login required)
Profile Setup Page	truenation.vercel.app/ setup	@truenation.org account required
Staff Directory (Intranet)	portal.truenation.org	@truenation.org account required
Google Admin Console	admin.google.com	Admins only (tn-admin group)
Staff Data (Google Sheet)	Shared with tn-admin@truenation.org	tn-admin group only
ID Documents (Drive)	Restricted Google Drive folder	tn-admin group only — not visible to sheet-level access
Source Code (GitHub)	github.com/shahad-tn/ truenation-intranet- directory	tn-admin group + dev team
Admin Notifications	tn-admin@truenation.org	Admin group inbox

ACCESS CONTROL POLICY

Always use **Google Groups** for access control. Never share individual pages, folders, or sheets with personal email addresses — always use the group address. Never

create a shared generic login (e.g. admin@truenation.org). Individual accounts give you a full audit trail and enable clean offboarding.

HOW A NEW STAFF MEMBER JOINS

1

SEND THEM THE ONBOARDING LINK

Share truenation.vercel.app/onboarding via email, text, or in person. No account needed to access the form.

2

THEY FILL OUT THE SHORT FORM

Legal name, preferred name, personal email address, desired username, and campus/location. This is brief by design — Stage 2 collects the rest.

3

THE SYSTEM CREATES THEIR GOOGLE ACCOUNT

A @truenation.org Google Workspace account is provisioned automatically. Credentials and the profile setup link are emailed to their personal address.

If they don't receive the email: Ask them to check spam. An admin can also manually resend from the Google Admin Console (admin.google.com → Users → select user → Security → Reset password).

4

THEY LOG IN & COMPLETE THEIR 8-STEP PROFILE

At truenation.vercel.app/setup, staff complete the full profile using their new @truenation.org account.

1 Personal & Contact Info

2 Legal Name

3 Household

4 Medical Info

5 Emergency Contacts

6 ID & Photo

7 Skills & Ministry

8 Confirmation

5

ADMINS ASSIGN THEIR ROLE

An admin opens the Staff Sheet and fills in: branch, department, cost center, and employment type. The directory reflects the update on the next sync.

WHY TWO STAGES?

The short public form gets a new person into the system quickly, even from a phone at an event. The full profile setup is done on their own time, after they have their login. This prevents bottlenecks and keeps the onboarding form simple to share.

COMMON ADMIN TASKS

■ ADD A NEW ADMIN

- 1 Go to admin.google.com and locate the user
- 2 Add **tn-** Google them **admin@truenation.org** Group to the
- 3 Grant Delegated Admin role (Groups + Sites minimum)
- 4 Brief them on these access control policies

■ EDIT A PROFILE (SELF-SERVICE)

- 1 Sign in at truenation.vercel.app/setup with your @truenation.org account
- 2 Navigate to the step you want to update
- 3 Save the section — the Staff Sheet updates automatically

■ EDIT A PROFILE (ADMIN)

- 1 Open the Staff Sheet (shared with tn-admin group)
- 2 Find the staff member's row
- 3 Edit the relevant cell(s) directly
- 4 Directory updates on the next daily sync (or trigger manually)

■ REMOVE SOMEONE WHO HAS LEFT

- 1 Suspend their Google account in Admin Console (do not delete — preserves audit trail)
- 2 Move their **Former** tab in the row to the **Staff** Staff Sheet
- 3 Remove them from all Google Groups
- 4 Revoke any shared Drive or Sites access as needed

■ RESET SOMEONE'S PASSWORD

- 1 Go to admin.google.com → Users
- 2 Select the user → Security tab
- 3 Click Reset Password
- 4 Send them the temporary password; ask them to change it on first sign-in

■ TRIGGER A MANUAL DIRECTORY SYNC

- 1 Go to script.google.com → TNIC StaffDirectory project
- 2 Select **syncWorkspaceToSheet** function the
- 3 Click Run → confirm any permissions prompted
- 4 Check the Audit Log tab in the Staff Sheet for confirmation

WHEN SOMETHING LOOKS WRONG

TROUBLESHOOTING

SYMPTOM	LIKELY CAUSE & FIX
Onboarding form won't submit	Username collision — the desired username already exists. Ask them to choose a different one and resubmit.
Didn't receive the welcome email	Check spam folder first. If still missing, admin can manually reset the password from Admin Console and provide credentials directly.
Profile setup page is blank or shows an error	User is signed in with their personal Gmail, not their @truenation.org account. Ask them to sign out and sign back in with the correct account.
Address autocomplete not working on profile form	Google Maps API key may be expired or over quota. Contact the IT lead (shahad@truenation.org) to check the API key in the Vercel dashboard.
ID photo upload fails	File is too large (limit: 4 MB). Ask the user to compress the image and retry. JPG format recommended.

SYMPTOM	LIKELY CAUSE & FIX
Staff member can't see the directory	They are not signed in with a @truenation.org account, or their account hasn't been added to the correct Google Group. Verify in Admin Console.
New entry not showing in the directory after profile setup	The daily sync hasn't run yet. Trigger a manual sync from Apps Script (see Common Admin Tasks), or wait until the next scheduled run.
Audit Log tab is not updating	The Apps Script trigger may have been deleted or paused. Go to script.google.com → Triggers and confirm the daily sync trigger is active.

DATA & CODE

WHAT LIVES WHERE

STAFF DATA

Google Sheet (Staff Directory)

Single source of truth for all active staff. Shared with tn-admin group only. Includes data, Former Staff, Audit Log, and Data Backup tabs.

ID DOCUMENTS & PHOTOS

Restricted Google Drive Folder

Accessible to tn-admin@truenation.org only. Not visible to people who have access to the Staff Sheet. Keep these two permission sets separate.

SOURCE CODE

GitHub — truenation-intranet-directory

All onboarding form and profile setup code. Access managed via tn-admin group. Changes here affect the live Vercel deployment.

AUDIT LOG

Inside the Staff Google Sheet

Every sync and manual edit is logged here. Check this tab first if something looks wrong with a staff record or if you need to trace a change.

DESIGN REFERENCE

VISUAL BRAND

Use these tokens consistently across all intranet pages and documents. Never substitute alternate colors or fonts without IT lead approval.

COLOR PALETTE

	Wine #7C1316 Headers, links, CTAs		Gold #C9972C Accents, labels, borders		Snow #FAF8F4 Page & section backgrounds
	Cream #F2EDE4 Card borders, subtle fills		Bark #3D2E28 Body text		Ink #130D0A Dark text, headings

TYPOGRAPHY

ROLE	FONT	WEIGHT	STYLE NOTES
Headings & Labels	Barlow Condensed	600, 700	Uppercase, letter-spacing 0.04–0.20em
Body Text	DM Sans	400, 500, 700	Normal case, line-height 1.55–1.65
URLs & Code	DM Sans	500–700	Wine color (#7C1316), no underline by default

Google Fonts import (for HTML embeds):
[https://fonts.googleapis.com/css2?
family=Barlow+Condensed:wght@600;700&family=DM+Sans:wght@400;500;700&display=swap](https://fonts.googleapis.com/css2?family=Barlow+Condensed:wght@600;700&family=DM+Sans:wght@400;500;700&display=swap)

OWNERSHIP

WHO MAINTAINS THIS

PRIMARY MAINTAINER

Shahad

shahad@truenation.org

IT Department Lead. Owns the codebase, deployment pipeline, and data architecture. Primary point of contact for all intranet and directory issues.

ADMIN TEAM

tn-admin@truenation.org

Sarah Haynes · Kabash · Yedayah · Shawashan · Nayah

Delegated admins with access to Admin Console, Staff Sheet, and restricted Drive. If Shahad is unavailable, contact any admin in this group.

CODE REPOSITORY

GitHub

github.com/shahad-tn/truenation-intranet-directory

All onboarding form and profile setup source code. Deployed automatically to Vercel on push to main branch.

HOSTING

Vercel (form) · Google Sites (intranet)

The public onboarding form and profile setup pages run on Vercel. The staff directory and intranet run on Google Sites. Both are managed through the tn-admin group.
